<i>Legal, administrative and other measures taken to implement the CCM (including imposition of penal sanctions)</i>	<i>Supplementary information (e.g., text and effective date of implementation measures, including legislation, administrative measures, policies and directives, training of military forces)</i>
<p>The CCM has been translated into Danish and published in the Law Gazette.</p> <p>A review of existing Danish legislation has proven it unnecessary for Denmark to take national legal measures to implement the CCM.</p> <p>Defence Command Denmark has issued an implementation letter to subordinate commands stating the entry into force of the Convention.</p> <p>The Danish government has issued a “Guide to Responsible Investment”</p>	<p><b>Implementation letter issued by Defence Command Denmark</b> – highlights inter alia the following: Limitations on the possibilities to cooperate with nations who have not signed the convention. Nations will exchange an annual report on munitions stockpiled for training purposes.</p> <p>In September 2011 the Danish government issued a “<b>Guide to responsible investment</b>” based on the UN-backed “Principles for Responsible Investment” (PRI). Although the Principles for Responsible Investment do not include specific references to international conventions, they are to be seen in connection with the ten principles of the UN Global Compact. As such, responsible investment according to PRI and the Danish Guide to responsible investment would demand all investors to respect international norms and conventions including e.g. the CCM.</p>
